

# MARITIME SHOW

## **COPY:**

Sea dogs don't come much saltier than these two!

A comic mix of cannon ball juggling, magic trunks, hornpipes and outlandish thigh slapping.

All swashes buckled and timbers thoroughly shivered or your money back!!

## **TECH SPEC:**

- Performance space: semi-circle with 5m radius.
- We sometimes use fire in this show so a steward for 5 minutes at the end when this happens is a sensible precaution to stop children encroaching over the boundary rope.
- All our performances are self contained for power, water and anything else we use.
- Storage space for props between performances is essential.
- Parking close to the performance site is the greatest gift you can bestow!
- Changing – the van is fine if it is close to the site, but feel free to spoil us.
