

# SNOW ANGELS

## COPY:

A White Christmas...guaranteed.

In our magical tree lined snowy glade families can make snow angels and crazy silhouettes, then have an instant picture to take away and treasure.

Kids love the fake snow and parents appreciate the lie down!!

The perfect break from Christmas shopping.

File under: Static installation

WHAT HAPPENS: The performance consists of getting people to lie down on a green mat and sprinkling them with snow.

## TECH SPEC:

- **Performance space:** normally 3mx2m but can be reduced if needed with prior arrangement.
- **Location:** Indoors or a sheltered spot is good as it stops the snow blowing. We can bring "heavy snow" for windy outdoor sites - please let us know before the day of the performance.
- **Support:** Mains power is not necessary but do think about how the set will be lit – a dark alley will not look as good as a well lit area!
- **Getting set up:** We normally arrive one hour or more before first performance. Unloading of van needs to happen on, or within 200m of, performance area.
- **Set up time:** 10 minutes to unload van (if on site) 10 minutes to set up. Changing takes 10 minutes to get into costume once in changing rooms.
- **Parking and Changing room:** yes please!
- **Stewarding:** required during the performance and while we are on breaks...
